ABOUT US

PRESENTING EMHS

Last year we had numerous dancers perform as Featured Dancers at School Spectacular. We have a student currently performing with the NSW State Choir and some of our best dancers currently perform with the State Dance Ensemble. We continue to support our students in achieving their goals through external opportunities and events

COLLABORATION

Our dedicated staff members regularly collaborate to ensure all of our programs, events and showcase are of the highest calibre. We share skills, advice and knowledge to ensure your child continues to be given the best education here at Elizabeth Macarthur High School.

INNOVATION

We are constantly forging skills in new and developing technology to ensure students of EMHS are prepared for the world of the future.

CAPA SUBJECTS

MUSIC

The study of music's forms, styles and ideas enables young people to develop an interest and appreciation of music. The

Junior Music Course focuses on critical reflection and understanding through the exploration of the valuable role music holds in the social, cultural, aesthetic and spiritual lives of people. The nature of musical study allows students to collaborate and engage in activities that reflects the real world practice of performers, composers and audiences.

VISUAL ARTS

Students of Visual Arts are provided with the opportunity to enjoy making and studying art. The Visual Arts course builds an understanding of the role and value of art in all forms, both in the contemporary and historic world- further enabling students to represent their ideas, thoughts and emotions artistically.
